Rev Amos A. Phelps,  
Dear Sir,

Let me congratulate you on the interesting occurrence in your family - An occasion of devout gratitude to God doubtless you feel it to be. - I hope he will be spanned ~~and~~ raised up an eminent instrument of promoting the Cause of the Redeemer.

Dr. Wilson has just recovered with health, rather improved, but he is still unable to preach I will leave in a few days to be absent until September and in the mean time he hopes fully to recruit. I think the result is quite doubtful. -

D. Beecher is to leave immediately for the West, a great loss to us -

In regard to cash I should feel very happy to accommodate you had I any floating capital not required in business. I have none; what little surplus I have, I feel it a duty to put with to good objects - (But still, if the sum of \$30 or \$40 would be of any service for a year I will loan it - If not enough and you wish \$100 or 150 I will find me a note with a surety, within say in a year I will endeavour to procure it for you - In case you would like the small sum first named I want no other doubt but your own, but the larger sum, if procured, two names would be probably required - I hope & trust you are labouring for the Lord & successfully

Very Truly Yours  
Chas. Stoddard
